REGISTRATION OPENS MAY 8th

Register by June 16th, and we'll waive the \$45 registration fee!

WE SUPPORT THE WHOLE FAMILY

With so many demands on today's families, the Y's Before and After School Programs provide a safe, structured, and well-rounded academic learning environment for children grades Kindergarten to Middle School. Most programs are conveniently located on school campuses, others have transportation options.

OUR STAFF

Our Y staff are carefully selected and extensive background checks are conducted including criminal record checks and reference checks. Staff meet or exceed all education requirements for their positions. All staff receive on-going training in topics relevant to creating quality after school experiences for children and families. Our Y staff facilitate well-rounded curriculum that provides opportunities for your child to learn, grow, and thrive. At the Y, your child's future is bright.

AFFORDABLE OPTIONS

We offer several affordable options, including financial assistance for qualifying families. Additionally, we accept 3rd party payments. The Y's Before and After school programs meet all your family's needs by providing daily homework support, hands-on educational based learning opportunities, physical activity and sports, and healthy snacks.
