For the Parents:

Although we believe having the students stay with their fellow students is a special and important part of the program, you may arrange for your child to stay with family or friends if you so desire. However, all arrangements (including transportation to and from the host family's home) must be arranged by you. We will also be contacting the host family to insure that all arrangements have been made.

The above delegate has my permission to participate in Oregon YMCA Youth and Government. I agree to the housing arrangements stated above and will be sure the host family in Salem is contacted.
