

COURTNEY PLACE Veterans Housing

More Than Just Housing

With your support, Courtney Place has successfully provided stable housing to 34 veterans, reducing veteran homelessness in Marion County by 28%.

WRAP AROUND SERVICES

Courtney Place offers a community that fosters a sense of belonging and worth, reducing the feelings of isolation. Access to wrap around services further aids veterans in overcoming the psychological challenges they encounter. Belonging to a community is fundamental to well-being, as it instills a sense of belonging, purpose, and identity.

WEEKLY & MONTHLY SOCIAL OUTINGS FOR RESIDENTS

"Courtney Place means salvation, security, existence, and camaraderie. It took me from a homeless situation and made me able to have a life and friends."

**-Gene Harmon
U.S. Army veteran**

WHAT OUR RESIDENTS OUR SAYING...

"Courtney Place means so much to us. Without it, we would be homeless. It is a safe place with Bob and Noelle; I don't know what I would do without them because of my PTSD. They are always there to help us, taking us places when we need it, and going the extra mile to support us. The team here always makes sure we are safe at all times, and they genuinely care about the people who live here." - Coehen Bowles, U.S. Marine Veteran

"My favorite thing about living at Courtney Place is that I am able to live in the downtown environment that I prefer, at an affordable price. In addition, I have access to tremendous resources that I did not have at previous apartments, such as assistance with employment, access to transportation if necessary, and a membership to the YMCA. Finally, the staff, both tenant-facing and maintenance, have been amazingly helpful and consistently friendly." - Frederick Tognoli, U.S. Navy Veteran

MORE THAN HOUSING, COURTNEY PLACE IS COMMUNITY.

Letter written from
a resident's sister.

Dear Courtney Place,

This is my brother's first rent bill where he'll be able to have more than \$60 to float him the last days of the month.

He loves Courtney Place and Oregon is good for him. The guys are his buddies and he goes to the Y every day...

I know he has probably told you that the very day I asked if he'd ever consider moving to Oregon (after he'd been injured at a VA Homeless Shelter), you asked my husband to come tour Courtney Place, which I didn't even know existed at the time.

We think that day was providence. Know that the work you did to get that place there is a corporal work of mercy. Matthew 25 discusses the rewards for that work. God bless your vision.

"Not enough words to describe the gift this place is! Founded on the principle of improving Veterans' lives, they have definitely made my loved one's life better. The place is brand new, they have wrap-around services and peer support for Veterans that help many specific needs of a Veteran, especially those with different kinds of unseen disabilities. The camaraderie is developing every day while this is a brand new community, but it feels strong and respectful. The location is spectacular, the YMCA is involved, and my loved one is over there exercising daily. The accommodations are just enough for what is needed, and yet so much more. Many of these residents feel they are not deserving of such a home, but it was made EXACTLY with them in mind! There's a perfect view of the State Capitol "Golden Guy", and the Salem transit center is right there, along with numerous parks in walking distance, great for pets also. My loved one has been on trips to the beach, group volunteer projects, he hangs in the lobby or can grab coffee with the on site peer support helpers, his apartment has so many lovely windows, a/c and a washer/dryer unit of his own. 5 months in, I feel we are extremely lucky to have been made aware of Courtney Place."
